

Opening Scene starts at a college history class where a 25 year old male college student named CHARLES is feeling extremely horny.

CHARLES thinking in his head while in the classroom: Oh man...I love blonde blue eyed girls but I'm so horny right now that I would get with any of my female classmates if I could.

Scene #2: CHARLES walks back home from his history class and he's thinking how sexually frustrated he has been for the past 11 years of his life.

CHARLES thinking in his head: Man... if it wasn't because I paid that hooker to have sex with me when I was 18, I'd still be a virgin. This situation sucks. And that one time I tried going out to a club was a disaster too.

Images of memories begin playing in CHARLES' mind. CHARLES and his former ladies' man friend were at the club. The friend quickly seduced a girl and started dancing with her. CHARLES on the other hand, was all by himself in the corner. When the night was almost over, CHARLES finally gained the courage to approach a girl from behind. He intentionally touched her butt chick while trying to make it look like an innocent accident. The girl turned around and slapped the hell out of CHARLES. His former ladies' man friend saw the whole thing and told CHARLES that he should just grab a gun and shoot himself in the head.

Back in the present, CHARLES thinks in his head: Man I would do anything just to be able to get laid. I wish girls found me irresistible so that I didn't have to feel so damn horny all the time.

Scene #3: On his way home CHARLES walks by a house where he can see its back yard pool all the way from the sidewalk on the street. He sees one guy playing with four gorgeous blonde blue eyed bombshells in bikinis. The girls are treating this guy like a king which makes him feel at the top of the world.

CHARLES thinks out loud: Why the fuck does that shit never happen to me? Why in the fucking world do I have to feel so freaking horny every day of my life? And why the hell can't I satisfy my perfectly normal and natural need to get laid? What's wrong with me? Why do women seem to be attracted to other guys other than myself?

While he's expressing all his frustration out loud, a really old couple is walking passed him and is completely shocked at CHARLES' remarks. CHARLES doesn't even see the couple because he can't stop staring at the guy's fortunate situation with the girls.
