

**C.D.:** Ok kid, you can go now. I have a ton of shit on my plate right now.

CHARLES nods his head and leaves the room thanking the C.D. for the amazing opportunity on his way out. The C.D. just keeps rolling his eyes and he keeps ordering CHARLES with his hands to leave already.

**Scene #15:** The next day CHARLES gets up at 5am in the morning feeling super anxious about his new job trial. His heart is pounding very fast and he just keeps walking all over his hotel room. He can't stay still while he waits for the big moment to finally arrive.

**CHARLES thinking in his head while walking all over his hotel room:** Oh man, despite the fact that I'm finally getting laid today, I'm actually feeling extremely nervous. I can feel my heart rate going at 100 miles per hour right now. Hopefully this doesn't wind up screwing with my performance on the set since I'd like to be able to blow everyone's minds. What am I saying? They've probably seen it all already. Even if I did a good job, I don't think anybody there would be surprised by what I can or can't do. I really got to calm down and relax, otherwise my heart is going to explode and I'm going to die horny and unsatisfied.

**Scene #16:** CHARLES arrives at the adult film company headquarters for his job trial an hour earlier. He was too excited and anxious to keep waiting any longer in his hotel room so he decided to get to the studio by foot. Once inside the film studio, he sees a bunch of naked blonde blue eyed girls walking all over the place. In other words, this is paradise to CHARLES. A couple of these girls are on their way to the bar for some refreshments and happen to walk right by him. These two girls are chatting and giggling about some guys' penis being too huge. CHARLES overhears the conversation and he starts to feel self conscious about his penis size because that was one aspect he had completely forgotten to think about.

**CHARLES thinking in his head while in the studio:** Oh man... how could I not have thought about the most important aspect of it all? All the porn movies I've watched in my life have guys with humongous penises on them. Mine is 6 inches long but I'm not sure if that's good enough for them. Now I'm really nervous!

**Scene #17:** All of the sudden time starts to go by very fast and sure enough CHARLES' time to perform finally arrives. Even though this is an opportunity for CHARLES to get laid, he feels a lot of pressure to prove himself to the Casting Director.
